

New Zealand Chiropractors' Association

Vision Statement:

Supporting our members' pursuit for excellence

Mission Statement:

To use the collective strength of our membership to:

- Represent chiropractic, liaise with other organisations and be the professional voice for chiropractic in New Zealand
- Promote the benefits of chiropractic with an understanding of the unique contribution of our science, art and philosophy
- Inspire structured life-time learning, collegiality and provide mentoring.

Core Values

The NZCA is:

Compassionate, community oriented
Reputable
Culturally aware *and*
Respectful of unity in diversity

Member Profile

“NZCA members are collegial, ethical, contributing and conscientious. They adhere to sound business principles and practices. They embrace reflective lifetime learning and deliver evidence based clinical excellence. Members demonstrate a passionate understanding and recognition of the unique contribution of the science, art and philosophy of chiropractic. As students, practitioners, researchers and teachers, they are partners in New Zealand health care.”
